RED OAK

1983

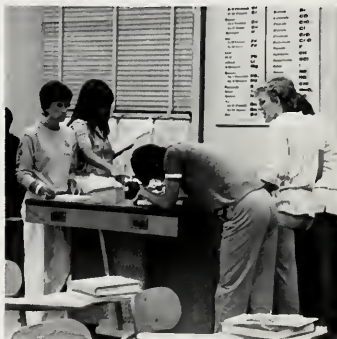

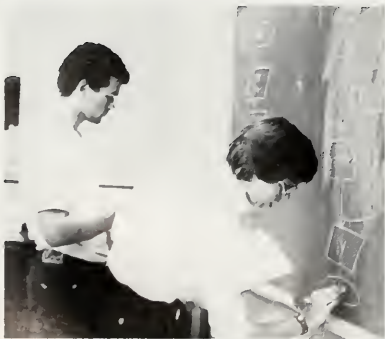

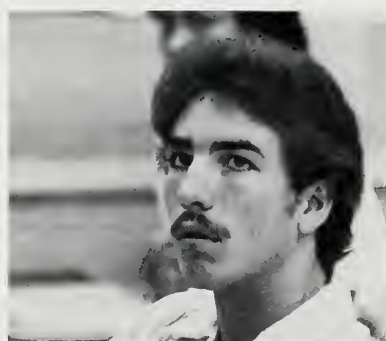

Just a turn in
the road,

A turn to the right,
Then, you'll find a pathway-
A beautiful sight.

Just keep right on
striving,
Though heavy the
load,

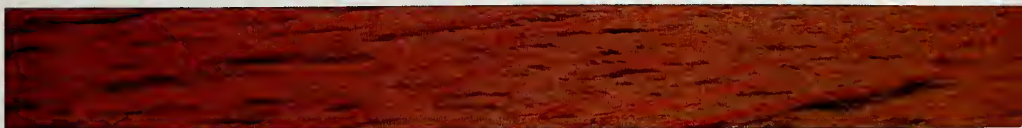

And you'll come
at last
To the turn in
the road.

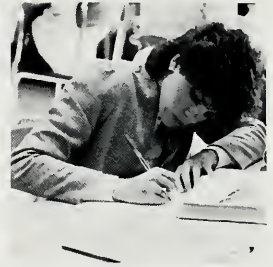

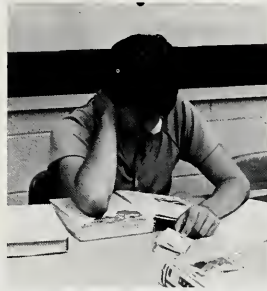

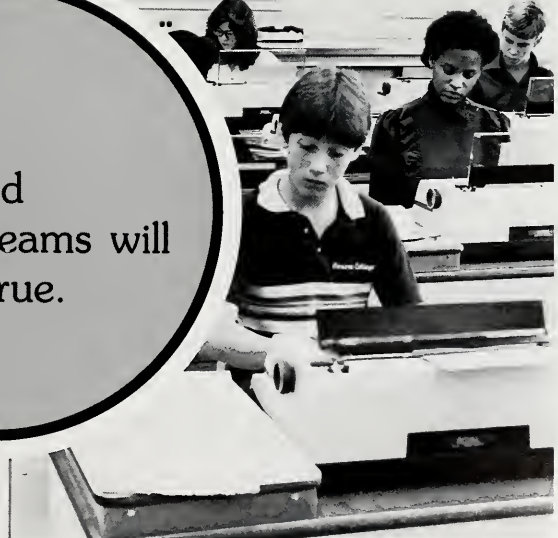

A turn in the road, Where life starts anew.

A turn in
the road
Where dreams will
come true.

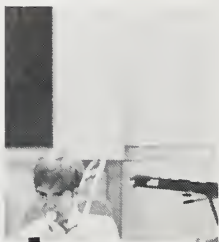

So, lift

up your head, And laugh at your load;

At last you will come
To the turn in the road.

Football

Burlington County football and Bill Gordon: these words have been synonymous for as long as any of us can remember. They are words that many, especially those of us at Rancocas Valley, have taken great pride in — and with good reason.

The record speaks for itself: 151 wins spanning thirty years. But there is much more here than can be shown in “wins” and “losses.” There is a dedicated, sensitive individual who this year concludes a coaching career that has touched lives far too numerous to count and earned him respect in circles much too wide to measure. The void his departure creates will not easily be filled.

The good thing is that there is a part of this man entrenched here. He has devoted more than half his life to this school, its students, and the community. And while we will miss his familiar face and form on the field, we will feel his mark on Rancocas Valley and in us all forever.

Banquet Facilities For All Occasions

There is no better way to judge a college's performance than by the success and satisfaction of its graduates.

For the second consecutive year, ninety-nine percent of the respondents to the annual Burlington County College graduate follow-up study said that they were "satisfied" or "very satisfied" with the classroom instruction they received at BCC. Well over ninety percent also spoke positively of the college's faculty, classroom facilities and equipment, laboratories, and library collection.

More than fifty percent of the 1980-81 graduates chose to continue their education at senior institutions, including some of America's most prestigious universities. Studies by BCC, transfer colleges and universities,

and the State, have shown strong academic performance by BCC graduates at the transfer institutions.

Numerous other graduates are now working full-time in career fields directly related to their BCC studies. Many of these alumni are earning good salaries and hold positions of significant responsibility within their firms. Several are successful business owners.

To learn more about how you can become a part of the growing BCC success story, contact your high school guidance office or call Burlington County College at 893-4005.

ALL YOU SHIFT IS YOUR FOOT.

Press your toes on the pedal and you go forward. Put your heel down and you back up. Kubota's B7100HST is automatic.

And with a sturdy 16 hp diesel engine, it shifts just as easily from homeowner use to commercial applications. Front PTO shaft, 2-speed live rear PTO, mid PTO mount, two- or four-wheel drive, and a dependable hydraulic lift system are all standard.

So if you want a tractor that's economical and easy to operate, the answer's automatic. The Kubota B7100HST.

BOARD OF EDUCATION

1982-83 Student Council

The **Red Oak** staff extends its sincere appreciation to the members of the professional and business communities for their very generous and faithful support of this publication. Without the assistance of the individuals and organizations listed in this section, publication of this yearbook would not be possible.

Since these people have been so willing to contribute on the school's behalf, we ask that you patronize them in return. When you do so, be sure to thank them for their concern about what we do here at Rancocas Valley Regional High School.
